Tap dancing

Sleeker, greener, smarter: the latest generation of taps is not just a medium to an endless supply of sprouting refreshment but boldly goes where no taps have been before. 'Extendable spray features, long-lasting new generation materials and clever touchless systems outsmart us daily, take centre place in the kitchen, save the planet by using less water and mark a welcome step into the future of kitchen's technology.

Cook taps designed by Sovrappensiero Design Studio for Mamoli.
